

Birds

on the migration highway

Tricia Keffer's award winning graduate thesis Hammock Bird took flight into a non-profit (Food Trucks for Birds) to share her love of teaching about migrating birds and native plants. What began as a research project became a labor of love to reconnect people to the natural world. Ms. Keffer's project earned an ASLA Award of Merit from the Society of Landscape Architects Florida Chapter in 2019.

How do we create a food truck for birds? Start this year by planting three native trees or shrubs in the Florida Keys and South Florida. Landscape designer Tricia Keffer's talk will help you get started. Then register your "food truck" on her website. For more information, come hear her speak.

Tour dates:

<i>Homestead Library</i>	Monday October 17, 2022 at 4:30 pm
<i>Key Largo Library</i>	Tuesday October 18, 2022 at 4:30 pm
<i>Islamorada Library</i>	Tuesday October 18, 2022 at 10:00 am
<i>Morada Art Walk</i>	Thursday October 20, 2022 at 6:00 pm
<i>Marathon Library</i>	Friday October 21, 2022 at 3:00pm
<i>Key West Library</i>	Saturday October 22, 2022 at 10:30am
